Subject: Presentation

Casey;

Did not have an opportunity to speak with you after, but I wanted to let you know that was a great job all-around on the presentation and I shared that sentiment with John/Carol afterwards. Sitting there I thought about all of the initiatives that have been discussed in the past, for a variety of issues and we always come back to the same central problem; getting the parents we needed to impact to attend the informational meetings. This is the one initiative where no matter which parent attended you will have an impact because you are not targeting the bully you are targeting the 'bystander' and this can only result in a positive outcome. Once again, well done.

Chris
